DDASH-AI / LEVEL 6

Make AI part of your safety skill set.

Practical digital capability. Human professional judgement.

01

Build

Develop and review workplace safety systems using DocRide.

02

Think

Explore AI-assisted workflows while keeping professional accountability.

03

Demonstrate

Use practical evidence and independent assessment to show what you can do.

PRACTICAL ASSESSMENT

Learn by doing. Prove by building.

Practical work in DocRide replaces traditional written exams. An independent assessor reviews your evidence, with quality assurance supporting the process.

ENDORSED PROGRAMME

NOCN UK

Programme endorsement and certificate issuance.

RECOMMENDED ENTRY PROFILE

OHS Level 3 certificate (preferably Level 6), five years of work experience and access to a workplace for practical evaluation.
